Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee EPL/74, Safety and energy efficiency of IT equipment, upon which the following bodies were represented:

- British Approvals Board for Telecommunications
- British Computer Society
- British Electrotechnical Approvals Board
- British Telecommunications plc
- BSI Testing Services
- Department of Trade and Industry (Consumer Safety Unit)
- Federation of the Electronics Industry
- Health and Safety Executive
- Power Supply Manufacturers' Association

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 February 1997

National foreword

This British Standard has been prepared by Technical Committee EPL/74, and is the English language version of EN 41003 : 1996 *Particular safety requirements for equipment to be connected to telecommunication networks*, published by the European Committee for Electrotechnical Sandardization (CENELEC). It supersedes BS EN 41003 : 1993 which is withdrawn

Cross-references

Publication referred to	Corresponding British Standard
EN 60950 : 1992	BS EN 60950 : 1992 <i>Specification for safety of information technology equipment, including electrical business equipment</i>

Compliance with a British Standard does not of itself confer immunity from legal obligations.

English version

Particular safety requirements for equipment to be connected to telecommunication networks

Règles particulières de sécurité pour les matériels
destinés à être reliés aux réseaux de
télécommunications

Besondere Sicherheitsanforderungen an Geräte zum
Anschluß an Telekommunikationsnetze

This European Standard was approved by CENELEC on 1995-11-28. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
