Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee B/513, Construction equipment and plant, and site safety, to Subcommittee B/513/1, Earth-moving machinery, upon which the following bodies were represented:

- British Coal Corporation
- Construction Plant-hire Association
- Federation of Civil Engineering Contractors
- Federation of Manufacturers of Construction Equipment and Cranes
- Health and Safety Executive
- Institution of Civil Engineers
- Silsoe Research Institute

This British Standard, having been prepared under the direction of the Sector Board for Building and Civil Engineering, was published under the authority of the Standards Board and comes into effect on 15 June 1996

National foreword

This British Standard has been prepared by Subcommittee B/513/1 and is the English language version of EN 500-3:1995 *Mobile road construction machinery — Safety — Part 3: Specific requirements for soil stabilization machines*, published by the European Committee for Standardization (CEN). It is one of a number of British Standards implementing European Standards on machinery safety matters, in the development of which the United Kingdom has played an active part.

This British Standard covers the essential safety requirements in the Machinery Directive (89/392/EEC) and the Amending Directive (91/368/EEC).

Cross-reference

Publication referred to	Corresponding British Standard
-------------------------	--------------------------------

	BS EN 500 <i>Mobile road construction machinery — Safety</i>
EN 500-1:1995	Part 1:1996 <i>Common requirements</i>

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 8, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

Descriptors: Roads, construction, site equipment, mobile equipment, stabilization, safety, specifications, accident prevention, hazards, safety measure, signalling, graphic symbol, maintenance

English version

Mobile road construction machinery — Safety — Part 3: Specific requirements for soil stabilization machines

Machines mobiles pour la construction de
routes — Sécurité —
Partie 3: Exigences spécifiques pour engins de
stabilisation de sol

Bewegliche Straßenbaumaschinen —
Sicherheit — Teil 3: Besondere Anforderungen
an Bodenstabilisierungsmaschinen

This European Standard was approved by CEN on 1995-06-29. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
