

Coaxial cables used in cabled distribution networks —

Part 4: Sectional specification for distribution and trunk cables

The European Standard EN 50117-4:1996 has the status of a
British Standard

ICS 33.120.10

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee EPL/46, Cables, wires and waveguides, RF connectors and accessories for cabling and signalling, to Subcommittee EPL/46/1, Communication cables, on which the following bodies were represented:

- AEA Technology
- British Approvals Services for Cables
- British Broadcasting Corporation
- British Cable Makers Confederation
- British Railways Board
- British Telecommunications plc
- Cable Communication Association
- Confederation of Aerial Industries
- ERA Technology
- Federation of the Electronics Industry
- London Underground
- Ministry of Defence
- Society of Cable Television Engineers

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 15 August 1996

National foreword

This British Standard has been prepared by Subcommittee EPL/46/1 and is the English language version of EN 50117-4:1996, *Coaxial cables used in cabled distribution networks — Part 4: Sectional specification for distribution and trunk cables*, published by the European Committee for Electrotechnical Standardization (CENELEC).

This Part should be read in conjunction with BS EN 50117-1:2002. Together with BS EN 50117-1:2002, BS EN 50117-2-1:2005, BS EN 50117-2-2:2004, BS EN 50117-2-3:2004 and BS EN 50117-3:1996, it supersedes BS 5425-1:1986 which is withdrawn.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Standards Electronic Catalogue* or of British Standards Online.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 7 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
