Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee GEL/65, Measurement and control, upon which the following bodies were represented:

- British Gas plc
- British Nuclear Fuels plc
- Electrical Contractors' Association
- Electricity Association
- Energy Industries Council
- GAMBICA (BEAMA Ltd.)
- Health and Safety Executive
- Institution of Gas Engineers
- Institute of Measurement and Control

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- British Cable Makers Confederation
- British Pressure Gauge Manufacturers' Association
- Department of Trade and Industry (National Physical Laboratory)
- Engineering Industries Association
- Institute of Materials
- Society of Environmental Engineers
- Institution of Electrical Engineers

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 May 1997

This European Standard was approved by CENELEC on 1996-03-05. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
