

Electrical apparatus for the detection of combustible gases in domestic premises — Guide on the selection, installation, use and maintenance

The European Standard EN 50244:2000 has the status of a
British Standard

ICS 13.320

National foreword

This British Standard is the official English language version of EN 50244:2000.

The UK participation in its preparation was entrusted by Technical Committee GEL/31, Electrical apparatus for explosive atmospheres, to Subcommittee GEL/31/19, Gas detectors, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or by using the “Find” facility of the BSI Standards Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the EN title page, pages 2 to 12, an inside back cover and a back cover.

The BSI copyright notice displayed in this document indicates when the document was last issued.

This British Standard, having been prepared under the direction of the Electrotechnical Sector Committee, was published under the authority of the Standards Committee and comes into effect on 15 September 2000

English version

Electrical apparatus for the detection of combustible gases in domestic premises - Guide on the selection, installation, use and maintenance

Appareils électriques pour la détection des gaz combustibles dans les locaux à usage domestique - Guide de sélection, d'installation, d'utilisation et de maintenance

Elektrische Geräte für die Detektion von brennbaren Gasen in Wohnhäusern - Leitfaden für Auswahl, Installation, Einsatz und Wartung

This European Standard was approved by CENELEC on 1999-08-01. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Central Secretariat: rue de Stassart, 35 B-1050 Brussels

Foreword

This European Standard was prepared by the Technical Committee TC 216, Gas detectors.

The text of the draft was submitted to the formal vote and was approved by CENELEC as EN 50244 on 1999-08-01.

The following dates were fixed:

- latest date by which the EN has to be implemented
at national level by publication of an identical
national standard or by endorsement (dop) 2000-11-01
 - latest date by which the national standards conflicting
with the EN have to be withdrawn (dow) 2002-08-01
-

Contents

1	Scope.....	4
2	Normative references	4
3	Definitions	5
4	Sensing of combustible gas	6
5	Installation.....	6
	5.1 General	6
	5.2 Natural gas and town gas	6
	5.3 Liquefied petroleum gas.....	8
	5.4 Mains power supply	10
6	Executive functions (type A apparatus only).....	10
	6.1 General	10
	6.2 Shut-off valve	10
	6.3 Ventilation fan	10
	6.4 Main electric switch	10
	6.5 Remote alarm	10
	6.6 Additional visual alarm.....	10
	6.7 Link between detector and ancillary device	11
7	Advice to the user.....	11
	7.1 Manufacturer's instructions	11
	7.2 Location	11
	7.3 Power supply	11
	7.4 Indicators	11
	7.5 Alarms.....	11
	7.6 Maintenance	11
	7.7 Lifetimes.....	12
8	Emergency actions	12
