National foreword

This British Standard has been prepared under the direction of the Engineering Sector Board and is the English language version of EN 560 *Gas welding equipment — Hose connections for equipment for welding, cutting and allied processes*. It partially supersedes BS 1389:1986 which will be withdrawn on publication of BS EN 1256.

EN 560 was produced as a result of international discussion in which the UK took an active part.

Cross-references

Publication referred to	Corresponding British Standard
EN 29539:1992	BS EN 29539:1992 <i>Specification for materials for equipment used in gas welding, cutting and allied processes</i>
ISO 228-1:1982	BS 5380:1984 <i>Specification for hydraulic port and stud coupling using “O”-ring sealing and “G” series fastening threads</i>

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
