National foreword

This British Standard has been prepared under the direction of the Welding Standards Policy Committee and is the English language version of EN 561:1994 *Gas welding equipment — Quick-action couplings with shut-off valves for welding, cutting and allied processes*, published by the European Committee for Standardization (CEN).

EN 561 was produced as result of international discussion in which the UK took an active part.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
