Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Engineering Sector Board to Technical Committee NFE/35, Light metals and their alloys, upon which the following bodies were represented:

- Aluminium Federation
- Aluminium Stockholders' Association
- London Metal Exchange
- Magnesium Industry Council

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- Association of British Welded Aluminium Tube Makers
- Association of Light Alloy Refiners Limited
- Institution of Structural Engineers
- Metal Packaging Manufacturers' Association

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 April 1995

National foreword

This British Standard has been prepared by Technical Committee NFM/35 and is the English language version of EN 570:1994 *Aluminium and aluminium alloys — Impact extrusion slugs obtained from wrought products — Specifications*, published by the European Committee for Standardization (CEN).

Publication referred to	Corresponding British Standard
EN 573-3:1994	BS EN 573 <i>Aluminium and aluminium alloys — Chemical composition and form of wrought products</i> Part 3:1995 <i>Chemical composition</i>
EN 754-5:1994	BS EN 754 <i>Aluminium and aluminium alloys — Cold drawn rod/bar and tube</i> Part 5:1994 <i>Drawn rectangular bars, tolerances on dimensions and form</i> ^a
EN 755-5:1994	BS EN 755 <i>Aluminium and aluminium alloys — Extruded rod/bar, tube and profile</i> Part 5:1994 <i>Extruded rectangular bars, tolerances on dimensions and form</i> ^a
EN 10204:1991	BS EN 10204:1991 <i>Metallic products — Types of inspection documents</i>

^a In preparation

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 8, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

UDC 669.71-412:669.715.018.26-412:621.777.4:620.1

Descriptors: Wrought product, aluminium, aluminium alloy, slug, designation, dimension, dimensional tolerance, form tolerance, chemical composition, mechanical property, surface condition, quality

English version

Aluminium and aluminium alloys — Impact extrusion slugs obtained from wrought products — Specifications

Aluminium et alliages d'aluminium — Pions de filage par choc obtenus à partir de produits corroyés — Spécifications

Aluminium und Aluminiumlegierungen — Butzen zum Fließpressen aus Halbzeug hergestellt — Spezifikationen

This European Standard was approved by CEN on 1994-08-18. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
