National foreword

This Part of BS EN 572 has been prepared by Subcommittee B/520/1 and is the English language version of EN 572-7:1994 *Glass in building — Basic soda lime silicate glass products — Part 7: Wired or unwired channel shaped glass*, published by the European Committee for Standardization (CEN). It does not replace any current British Standard.

EN 572-7 was produced as a result of international discussions in which the United Kingdom took an active part.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
