National foreword

This British Standard has been prepared by Subcommittee B/518/1. It is the English language version of EN 594:1995 *Timber structures — Test methods — Racking strength and stiffness of timber frame wall panels*, published by the European Committee for Standardization (CEN).

This British Standard supersedes the test method that was formerly given in section 5 of BS 5268-6.1:1988 (now withdrawn).

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 11 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

Timber structures — Test methods — Racking strength and stiffness of timber frame wall panels

Structures en bois — Méthodes d'essai — Essai
de raideur et résistance au contreventement
des murs à ossature en bois

Holzbauwerke — Prüfverfahren —
Wandscheiben-Tragfähigkeit und -Steifigkeit
von Wänden in Holztafelbauart

This European Standard was approved by CEN on 1995-11-04. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
