Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee B/515, Wood preservation, upon which the following bodies were represented:

- British Wood Preserving and Damp-proofing Association
- Chemical Industries Association
- Creosote Council
- Department of the Environment (Building Research Establishment)
- Electricity Industry in United Kingdom
- Institute of Wood Science
- National House-Building Council
- Timber Research and Development Association
- Timber Trade Federation

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- Association of Consulting Scientists
- Imperial College of Science and Technology

This British Standard, having been prepared under the direction of the Sector Board for Building and Civil Engineering, was published under the authority of the Standards Board and comes into effect on 15 April 1997

National foreword

This Part of BS EN 599 has been prepared by Technical Committee B/515 and is the English language version of EN 599-2 : 1995, *Durability of wood and wood-based products — Performance of preventive wood preservatives as determined by biological tests — Part 2 : Classification and labelling*, published by the European Committee for Standardization (CEN). EN 599-2 was produced as a result of international discussion in which the United Kingdom participated.

BS EN 599 consists of the following Parts:

- Part 1. *Specification according to hazard class*
- Part 2. *Classification and labelling*

Part 1 is identical to EN 599-1.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 10, an inside back cover and a back cover.

ICS 71.100.50

Descriptors: Wood, wood preservatives, durability, bio-assay, classifications, marking, labelling

English version

**Durability of wood and wood-based products —
Performance of preventive wood preservatives as determined by
biological tests —
Part 2: Classification and labelling**

Durabilité du bois et des matériaux dérivés du bois — Performances des produits préventifs de préservation du bois établies par des essais biologiques — Partie 2: Classification et étiquetage

Dauerhaftigkeit von Holz und Holzprodukten — Anforderungen an Holzschutzmittel wie sie durch biologische Prüfungen ermittelt werden — Teil 2: Klassifikation und Kennzeichnung

This European Standard was approved by CEN on 1995-04-14. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
