

Magnetic tape sound recording and reproducing systems —

Part 2: Calibration tapes

The European Standard EN 60094-2:1995 has the status of a
British Standard

ICS 33.160.30

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee EPL/60, Recording, upon which the following bodies were represented:

- Association of Professional Recording Services Ltd.
- Audio Engineering Society
- British Broadcasting Corporation
- British Kinematograph, Sound and Television Society
- British Tape Industry Association
- Federation of the Electronics Industry
- ITV Association (ITVA)
- National Council for Educational Technology (NCET)
- Royal Photographic Society
- Royal Television Society

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 January 1996

National foreword

This British Standard has been prepared by Technical Committee EPL/60 and is the English language version of EN 60094-2:1995 *Magnetic tape sound recording and reproducing systems — Part 2: Calibration tapes*, published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical with IEC 94-2:1994 and its corrigendum (March 1995), published by the International Electrotechnical Commission (IEC). The cross-reference of this standard as Part 2 of the BS 6288 series has been retained to facilitate reference to other parts of the series. This British Standard supersedes BS EN 60094-2:1994 (BS 6288-2:1994), which is withdrawn.

This edition does not reflect a full review or revision of the standard, which will be undertaken in due course.

BS 6288 consists of the following Parts:

Part 1 (BS EN 60094-1)	<i>Specification for general conditions and requirements</i>
Part 2 (BS EN 60094-2)	<i>Specification for calibration tapes</i>
Part 3	<i>Methods of measuring the characteristics of recording and reproducing equipment for sound on magnetic tape</i>
Part 4 (BS EN 60094-4)	<i>Mechanical magnetic tape properties</i>
Part 5 (BS EN 60094-5)	<i>Specification for electrical magnetic tape properties</i>
Part 6	<i>Specification for reel-to-reel systems</i>
Part 7 (BS EN 60094-7)	<i>Specification for cassettes for commercial tape records and domestic use</i>
Part 8	<i>Specification for eight-track magnetic tape cartridge for commercial tape records and domestic use</i>
Part 9	<i>Specification for magnetic tape cartridge for professional use</i>
Part 10	<i>Specification for time and address codes</i>
Part 11	<i>Guide to an address code for compact cassettes</i>
