

Base materials for printed circuits —

Part 2: Specifications —

Specification No. 3: Epoxide cellulose paper copper-clad laminated sheet of defined flammability (vertical burning test)

The European Standard EN 60249-2-3:1994, with the incorporation of amendments A2:1994, A3:1995 and A4:2000 has the status of a British Standard

ICS 31.180

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee EPL/52, Printed circuits, upon which the following bodies were represented:

- British Telecommunications plc
- Federation of the Electronics Industry
- GAMBICA (BEAMA Ltd.)
- National Supervising Inspectorate (BSI – PC)
- Printed Circuit Interconnection Federation
- Surface Mount and Related Technologies (Smart Group) Ltd.
- Co-opted members

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 28 February 1990

National foreword

This British Standard has been prepared by Technical Committee EPL/52 and is the English language version of EN 60249-2-3:1994 *Base materials for printed circuits — Part 2: Specifications — Specification No. 3: Epoxide cellulose paper copper-clad laminated sheet of defined flammability (vertical burning test)*, including amendments A2:1994, A3:1995 and A4:2000, published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical with IEC 249-2-3:1987, including Amendments 1:1989, 2:1993, 3:1994 and 4:2000, published by the International Electrotechnical Commission (IEC).

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or by using the “Find” facility of the BSI Standards Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 10, an inside back cover and a back cover.

The BSI copyright notice displayed in this document indicates when the document was last issued.

Sidelining in this document indicates the most recent changes by amendment.

This European Standard was approved by CENELEC on 1993-12-08. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
