The European Standard EN 60297-3-102:2004 has the status of a British Standard

ICS 31.240

# National foreword

This British Standard is the official English language version of EN 60297-3-102:2004. It is identical with IEC 60297-3-102:2004. It supersedes BS EN 60297-4:1995 and BS EN 60297-5-101:2001 which are withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EPL/48/4, Mechanical structures for electronic equipment, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
