National foreword

This British Standard has been prepared under the direction of the Light Electrical Engineering Standards Policy Committee and is the English language version of EN 60335-2-28 'Safety of household and similar electrical appliances. Part 2 : Particular requirements for sewing machines', published by the European Committee for Electrotechnical Standardization (CENELEC). It was derived by that organization from IEC publication 335-2-28 (1987) second edition, which has the same title as the European Standard.

The CENELEC Common Modifications have been implemented at the appropriate places in the text of IEC publication 335-2-28 (1987) second edition, and are indicated by a side line in the margin. The foreword and preface of IEC publication 335-2-28 (1987) second edition and the deleted parts of the original IEC text which do not form part of the text of EN 60335-2-28 have been quoted in national appendix NA. Annexes designated 'normative' are part of the body of the standard. Annexes designated 'informative' are given for information only. National appendices are designated 'informative'.

This British Standard is to be read in conjunction with BS 3456 : Part 201 : 1990 'General requirements', which it supplements or modifies. The many references to Part 1 should be read as references to BS 3456 : Part 201, which is the English language version of EN 60335-1 which was derived from the 1983 reprint of IEC Publication 335-1 (1976) second edition including Amendments 1, 2 and 3 to IEC 335-1.

Until 1 January 1991 the Parts of EN 60335 published as British Standards were dual numbered and appeared as Sections of BS 3456. From 1 January 1991 Parts of EN 60335 appear as Sections of BS EN 60335.

This British Standard supersedes BS 3456 : Part 102 : Section 102.28 : 1988 which will be withdrawn by 1 December 1992 in accordance with the CENELEC Internal Regulations.

Cross-references. The relationship between other international publications quoted in this standard and British Standards which are either identical or technically equivalent, is given in national appendix NC.

Product approval. Attention is drawn to the fact that products conforming to this British Standard may be approved by the British Electrotechnical Approvals Board for the purposes of participation in the CENELEC Certification Agreement and in the CB Scheme of the IECEE. (Details of the BEAB Approval Scheme are given on the inside back cover.)

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Descriptors: Household electrical appliances, sewing machines, safety requirements, protection against electric shocks, fire protection, protection against mechanical hazard

This European Standard was approved by CENELEC on 5 March 1990. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
