National foreword

This British Standard has been prepared by Subcommittee CPL/61/30 and is the English language version of EN 60335-2-3:1995 *Safety of household and similar electrical appliances — Part 2: Particular requirements for electric irons* including amendments A1:1999 and A2:2000, published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical with IEC 60335-2-3:1993 including amendments 1:1999 and 2:2000, published by the International Electrotechnical Commission (IEC).

The start and finish of text introduced or altered by amendment is indicated in the text by tags **A1** **A1**. Tags indicating changes to IEC text carry the number of the IEC amendment. For example, text altered by IEC amendment 1 is indicated by **A1** **A1**.

This British Standard supersedes BS EN 60335-2-3:1991 which will be withdrawn on 1 January 1998 in accordance with the CENELEC Internal Regulations. Certification and marks will not be awarded after this date with respect to BS EN 60335-2-3:1991. However, such certification and marks, already awarded, may continue to apply to production until 1 January 2003.

This British Standard is to be read in conjunction with BS EN 60335-1:1995 *General requirements*. The many references to part 1 should be read as references to BS EN 60335-1, which is the English language version of EN 60335-1:1994 which was derived from IEC 335-1:1991. Amendments and revisions of part 1 have also to be taken into account and the dates when such changes become applicable will be stated in the relevant amendment or revision of part 1.

Product approval. Attention is drawn to the fact that products conforming to this British Standard may be approved by the British Electrotechnical Approvals Board for the purposes of participation in the CENELEC Certification Agreement and in the CB Scheme of the IECEE. (Details of the BEAB Approval Marks Scheme are given on page 11.)

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
