National foreword

This British Standard has been prepared by Technical Committee CPL/61 and is the English language version of EN 60335-2-32:1995, *Safety of household and similar electrical appliances — Part 2-32: Particular requirements for massage appliances*, including amendment A1:2000 published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical with IEC 60335-2-32:1993, including amendment 1:1999 published by the International Electrotechnical Commission (IEC) which has the same title as the European Standard. The national differences taken from the preface to IEC 60335-2-32:1993 and an editorial change are quoted in National annex NA.

The foreword of EN 60335-2-32 makes reference to the date of withdrawal, *dow*, of the relevant national standard. In this case the relevant national standard is BS EN 60335-2-32:1991 which will be withdrawn on 1 April 1998 in accordance with the CENELEC Internal Regulations. Certificates and marks will not be awarded after this date with regard to the withdrawn British Standard. However, such certificates and marks, already awarded, may continue to apply to production until 1 April 2003.

This British Standard is to be read in conjunction with BS EN 60335-1:1995 *General requirements*. The many references to Part 1 should be read as references to BS EN 60335-1:1995, which is the English language version of EN 60335-1:1994 which was derived from IEC Publication 60335-1, third edition 1991, second impression 1993. Amendments and revisions of Part 1 have also to be taken into account and the dates when such changes become applicable will be stated in the relevant amendment or revision of Part 1.

Cross-references

Attention is drawn to the fact that CEN and CENELEC Standards normally include an annex which lists normative references to international publications with their corresponding European publications. The British Standards which implement these international or European publications may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or by using the “Find” facility of the BSI Standards Electronic Catalogue.

Product approval. Attention is drawn to the fact that products conforming to this British Standard may be approved by the British Electrotechnical Approvals Board for the purposes of participation in the CENELEC Certification Agreement and in the CB Scheme of the IECEE. (Details of the BEAB Approvals Scheme are given on the inside back cover.)

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

This European Standard was approved by CENELEC on 1995-07-04. Amendment A1 was approved by CENELEC on 1999-12-01. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
