National foreword

This British Standard has been prepared under the direction of the Light Electrical Engineering Standards Policy Committee and is the English language version of EN 60335-2-52 “*Safety of household and similar electrical appliances — Part 2: Particular requirements for oral hygiene appliances connected to the mains supply through a safety isolating transformer*”, published by the European Committee for Electrotechnical Standardization (CENELEC). EN 60335-2-52 was derived by that organization from IEC Publication 335-2-52:1988 first edition, which has the same title as the European Standard.

The CENELEC Common Modifications have been implemented at the appropriate places in the text of IEC Publication 335-2-52:1988 first edition, and are indicated by a vertical line in the margin. The foreword and preface of IEC Publication 335-2-52:1988 first edition and the deleted parts of the original IEC text which do not form part of the text of EN 60335-2-52 have been quoted in National appendix NA. Annexes designated “normative” are part of the body of the standard. Annexes designated “informative” are given for information only. National appendices are designated “informative”.

This British Standard is to be read in conjunction with BS 3456-201:1990 “*General requirements*”, including the amendments shown in the following table, which supplement and modify BS 3456-201. Those which apply to this British Standard are indicated by an asterisk.

Amendment No. 10:1994	Corrigendum to EN 60335-1:1988	—
^a These amendments to EN 60335-1 implement, with additions and modifications, the corresponding amendments to IEC 335-1.		

Until 1 January 1991 the Parts of EN 60335 published as British Standards were dual-numbered and appeared as Sections of BS 3456. From 1 January 1991, Parts of EN 60335 appear as Sections of BS EN 60335.

This British Standard supersedes BS 3456-3.11:1979 which will be withdrawn by 1 April 1993 in accordance with the CENELEC Internal Regulations.

Cross-references. The relationship between other international publications quoted in this standard and British Standards which are either identical or technically equivalent, is given in National appendix NC.

Product approval. Attention is drawn to the fact that products conforming to this British Standard may be approved by the British Electrotechnical Approvals Board for the purposes of participation in the CENELEC Certification Agreement and in the CB Scheme of the IECEE. (Details of the BEAB Approval Mark Scheme are given on the inside back cover.)

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
