

BSI Standards Publication

Magnetic materials

Part 11: Method of test for the
determination of surface insulation
resistance of magnetic sheet and strip

National foreword

This British Standard is the UK implementation of EN 60404-11:2013. It is identical to IEC 60404-11:1991, incorporating amendments 1:1998 and 2:2012. It supersedes BS EN 10282:2001 which is withdrawn.

The start and finish of text introduced or altered by amendment is indicated in the text by tags. Tags indicating changes to ISO text carry the number of the ISO amendment. For example, text altered by ISO amendment 1 is indicated by A1 A1.

The UK participation in its preparation was entrusted to Technical Committee ISE/108, Magnetic Alloys and Steels.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

This European Standard was approved by CENELEC on 2012-12-31. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Bulgaria, Croatia, Cyprus, the Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

Foreword

This document (EN 60404-11:2013) consists of the text of IEC 60404-11:1991 + A1:1998 + A2:2012 prepared by IEC TC 68 "Magnetic alloys and steels".

The following dates are fixed:

- latest date by which the document has to be implemented at national level by publication of an identical national standard or by endorsement (dop) 2013-12-31
- latest date by which the national standards conflicting with the document have to be withdrawn (dow) 2015-12-31

This document supersedes EN 10282:2001.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CENELEC [and/or CEN] shall not be held responsible for identifying any or all such patent rights.

Endorsement notice

The text of the International Standard IEC 60404-11:1991 + A1:1998 + A2:2012 was approved by CENELEC as a European Standard without any modification.

CONTENTS

1	Scope and field of application	5
2	Principle of measurement	5
3	Test specimen	6
4	Apparatus	6
4.1	Contact assembly	6
4.2	Power supply	7
4.3	Current measurement	7
4.4	Determination of applied force	8
5	Calibration	9
6	Measuring procedure	9
7	Evaluation of surface insulation resistance	9
8	Test report	10
