

Luminaires

Part 2: Particular requirements

Section 2: Recessed luminaires

The European Standard EN 60598-2-2:1996, with the incorporation of amendment No. 1:1997, has the status of a British Standard

ICS 29.140.40

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee CPL/34/4, Luminaires, upon which the following bodies were represented:

- Association of Consulting Scientists
- British Broadcasting Corporation
- British Lighting Association for the Preparation of Standards (Britlaps)
- British Retail Consortium
- British Telecommunications plc
- Chartered Institution of Building Services Engineers
- Consumer Policy Committee of BSI
- Department of Trade and Industry (Consumer Safety Unit, CA Division)
- Electrical Installation Equipment Manufacturers' Association (BEAMA Ltd.)
- Electricity Association
- Institution of Trading Standards Administration
- Institution of Lighting Engineers
- Lighting Association
- Lighting Industry Federation Ltd.
- National Illumination Committee of Great Britain
- Small Electrical Appliances Marketing Association

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 January 1997

National foreword

This Part of BS EN 60598 has been prepared by Subcommittee CPL/34/4 and is the English language version of EN 60598-2-2:1996 *Luminaires — Part 2: Particular requirements — Section 2: Recessed luminaires*, including amendment A1, published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical with IEC 598-2-2:1996, second edition including Amendment 1, published by the International Electrotechnical Commission (IEC).

This British Standard is to be read in conjunction with BS EN 60598-1:1993 *Luminaires — Part 1: General requirements and tests which it supplements or modifies*. The many references to Part 1 should be read as references to BS EN 60598-1 which is the English language version of EN 605898-1 which was derived from IEC 598-1:1992 (third edition).

The foreword of the EN makes reference to the date of withdrawal, dow, of the relevant national standard. In this case the relevant national standard is BS 4533-102.2:1990 which will be withdrawn on 1 April 1997. Certificates and marks will not be awarded after this date with respect to the withdrawn British Standard. However such certificates and marks, already awarded, may continue to apply to production until 1 April 2002.

Analagous provisions obtain in respect of Amendment No. 1 for which the d.o.w is 1997-12-01 and the expiry date for current approvals is 2002-12-01.

Product certification. Users of this British Standard are advised to consider the desirability of third party certification of product conformity with this British Standard based on testing and continuing surveillance, which may be coupled with assessment of a supplier's quality systems against the appropriate Part of BS EN ISO 9000.

Enquiries as to the availability of third party certification schemes will be forwarded by BSI to the Association of Certification Bodies. If a third party certification scheme does not already exist, users should consider approaching an appropriate body from the list of Association member.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
