

Luminaires —

Part 2: Particular requirements —

Section 2.6 Luminaires with built-in transformers or converters for filament lamps

The European Standard EN 60598-2-6:1994 has the status of a
British Standard

ICS 29.140.40

Cooperating organizations

The European Committee for Electrotechnical Standardization (CENELEC), under whose supervision this European Standard was prepared, comprises the national committees of the following countries:

Austria	Italy
Belgium	Luxembourg
Denmark	Netherlands
Finland	Norway
France	Portugal
Germany	Spain
Greece	Sweden
Iceland	Switzerland
Ireland	United Kingdom

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board (L/1), was published under the authority of the Standards Board and comes into effect on 15 February 1995

National foreword

This British Standard has been prepared by Technical Committee CPL/34 and is the English language version of EN 60598 *Luminaires — Part 2: Particular requirements — Section 6:1994 Luminaires with built-in transformers or converters for filament lamps* including its amendment A1:1997, published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical with IEC 598-2-6:1994, second edition, including Amendment 1:1996, published by the International Electrotechnical Commission (IEC).

This British Standard is to be read in conjunction with BS EN 60598-1:1993 *Luminaires Part 1: General requirements and tests*, which it supplements or modifies. The many references to Part 1 should be read as references to BS EN 60598-1 which is the English language version of EN 60598-1 which was derived from IEC 598-1:1992 edition 3.

The foreword of the EN (HD) makes reference to the “date of withdrawal”, down, of the relevant national standard. In this case the relevant national standard is BS 4533-102.6:1990 which will be withdrawn on 1 July 1995. Certificates and marks will not be awarded after this date with respect to the withdrawn British Standard. However such certificates and marks, already awarded, may continue to apply to production until 1 July 2000.

Analogous provisions obtain in respect of Amendment No. 1, for which the date is 1997-09-01 and the expiry date for current approvals is 2002-09-01.

Product certification. Users of this British Standard are advised to consider the desirability of third party certification of product conformity with this British Standard based on testing and continuing surveillance, which may be coupled with assessment of a supplier's quality systems against the appropriate Part of BS EN ISO 9000¹⁾.

Enquiries as to the availability of third party certification schemes will be forwarded by BSI to the Association of Certification Bodies. If a third party certification scheme does not already exist, users should consider approaching an appropriate body from the list of Association members.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 8, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

¹⁾ Formerly BS 5750.

Descriptors: Particular requirements, luminaire with built-in transformers, luminaire for filament lamps

English version

Luminaires
Part 2: Particular requirements
Section 6: Luminaires with built-in transformers or
converters for filament lamps

(includes amendment A1:1997)
(IEC 598-2-6:1994 + A1:1996)

Luminaires

Partie 2: Règles particulières

Section 6: Luminaires avec transformateurs ou
convertisseurs incorporés pour lampes à
filament

(inclut l'amendement A1:1997)

(CEI 598-2-6:1994 + A1:1996)

Leuchten

Teil 2: Besondere Anforderungen

Hauptabschnitt 6: Leuchten mit eingebauten
Transformatoren oder Konverter für
Glühlampen

(enthält Änderung A1:1997)

(IEC 598-2-6:1994 + A1:1996)

This European Standard was approved by CENELEC on 1994-07-05. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
