Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee CPL/34/1, Lamps, upon which the following bodies were represented:

- British Lighting Association for the Preparation of Standards (BRITLAPS)
- Chartered Institution of Building Services Engineers
- Electricity Association
- Engineering Equipment and Materials Users' Association
- Institution of Lighting Engineers
- Lighting Industry Federation Ltd.
- London Regional Transport
- National Illumination Committee of Great Britain
- Society of Motor Manufacturers and Traders Limited

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 July 1995

National foreword

This British Standard has been prepared by Technical Committee CPL/34/1 and is the English language version of EN 60634:1995 *Heat test source (H.T.S.) lamps for carrying out heating tests on luminaires*, published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical to IEC 634:1993 published by the International Electrotechnical Commission (IEC), which has the same title as the European Standard.

The foreword of the EN makes reference to the “date of withdrawal” (dow) of the relevant national standard. In this case the relevant standard is BS 6012:1980 which will be withdrawn on 1995-12-01. Certificates or marks will not be awarded after this date with respect to the withdrawn British Standard. However, such certificates and marks, already awarded, may apply to production until 2000-12-01.

The following print types are used in this standard:

requirement proper	in roman type
<i>test specifications</i>	<i>in italic type</i>
explanatory matter	in smaller roman type

This European Standard was approved by CENELEC on 1994-12-06. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
