

Specification for

Flexible insulating sleeving —

Part 3: Specification requirements for
individual types of sleeving —

Sheet 246: Heat-shrinkable sleeving,
dual-wall, not flame-retarded,
polyolefin

The European Standard EN 60684-3-246:1995 has the status of a
British Standard

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee GEL/15, Insulating material, to Subcommittee GEL/15/3/5, Sleeveings, upon which the following bodies were represented:

- Adhesive Tape Manufacturers' Association
- British Rubber Manufacturers' Association Ltd.
- Ministry of Defence

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 September 1995

National foreword

This British Standard has been prepared by Subcommittee GEL/15/3/5 and is the English language version of EN 60684-3-246:1995 *Specification for flexible insulating sleeving — Part 3: Specification requirements for individual types of sleeving — Sheet 246: Heat-shrinkable sleeving, dual-wall, not flame-retarded, polyolefin*, published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical with IEC 684-3-246:1992 published by the International Electrotechnical Commission (IEC).
