

Flexible insulating sleeving —

Part 3: Specifications for individual types of sleeving —

Sheet 248: General purpose, heat-shrinkable, dual wall polyolefin sleeving, flame retarded, shrink ratios 2:1, 3:1, 4:1

The European Standard EN 60684-3-248:2007 has the status of a
British Standard

ICS 29.035.20

National foreword

This British Standard was published by BSI. It is the UK implementation of EN 60684-3-248:2007. It is identical with IEC 60684-3-248:2007.

The UK participation in its preparation was entrusted by Technical Committee GEL/15, Solid electrical insulating materials, to Subcommittee GEL/15/3, Material specifications.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 29 June 2007

**Flexible insulating sleeving -
Part 3: Specifications for individual types of sleeving -
Sheet 248: General purpose, heat-shrinkable,
dual wall polyolefin sleeving, flame retarded,
shrink ratios 2:1, 3:1, 4:1
(IEC 60684-3-248:2007)**

Gaines isolantes souples -
Partie 3: Spécifications
pour types particuliers de gaines -
Feuille 248: Utilisation générale,
thermorétractable, gaine à double paroi
en polyoléfine, retardée à la flamme,
rapport de rétreint 2:1, 3:1, 4:1
(CEI 60684-3-248:2007)

Isolierschläuche -
Teil 3: Anforderungen
für einzelne Schlauchtypen -
Blatt 248: Polyolefin-
Wärmeschrumpfschläuche
mit Innenbeschichtung,
Standardtyp, flammwidrig,
Schrumpfverhältnisse 2:1, 3:1, 4:1
(IEC 60684-3-248:2007)

This European Standard was approved by CENELEC on 2007-04-01. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Bulgaria, Cyprus, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and the United Kingdom.

Foreword

The text of document 15/359/FDIS, future edition 1 of IEC 60684-3-248, prepared by IEC TC 15, Solid electrical insulating materials, was submitted to the IEC-CENELEC parallel vote and was approved by CENELEC as EN 60684-3-248 on 2007-04-01.

The following dates were fixed:

- | | | |
|--|-------|------------|
| – latest date by which the EN has to be implemented at national level by publication of an identical national standard or by endorsement | (dop) | 2008-01-01 |
| – latest date by which the national standards conflicting with the EN have to be withdrawn | (dow) | 2010-04-01 |

Annex ZA has been added by CENELEC.

Endorsement notice

The text of the International Standard IEC 60684-3-248:2007 was approved by CENELEC as a European Standard without any modification.
