Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee GEL/89, Fire hazard testing, upon which the following bodies were represented:

- Association of Manufacturers of Domestic Electrical Appliances
- British Cable Makers Confederation
- British Electrical Systems Association (BEAMA Ltd.)
- British Plastics Federation
- British Telecommunications plc
- Electrical Installation Equipment Manufacturers Association (BEAMA Ltd.)
- Electricity Association
- Federation of the Electronics Industry
- Home Office
- Lighting Industry Federation Ltd.
- Ministry of Defence
- National Supervising Inspectorate
- Society of British Aerospace Companies Limited
- Warrington Fire Research Centre

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 August 1996

National foreword

This British Standard has been prepared by Technical Committee GEL/89 and is the English language version of EN 60695-4:1995, *Fire hazard testing — Part 4: Terminology concerning fire tests*, published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical with IEC 695-4:1993 published by the International Electrotechnical Commission (IEC).

This British Standard supersedes BS 6458-1:1990, which is withdrawn.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 14 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

English version

Fire hazard testing Part 4: Terminology concerning fire tests

(IEC 695-4:1993)

Essais relatifs aux risques du feu
Partie 4: Terminologie relative aux essais au feu
(CEI 695-4:1993)

Prüfungen zur Beurteilung der Brandgefahr
Teil 4: Begriffe im Zusammenhang mit Brandprüfungen
(IEC 695-4:1993)

This European Standard was approved by CENELEC on 1993-03-06. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

CENELEC

Comité Européen de Normalisation Electrotechnique
Europäisches Komitee für Elektrotechnische Normung

Central Secretariat: rue de Stassart 35, B-1050 Brussels

Foreword

The text of the International Standard IEC 695-4:1993, prepared by IEC TC 89, Fire hazard testing, was submitted to the formal vote and was approved by CENELEC as EN 60695-4 on 1995-03-06 without any modification.

The following dates were fixed:

- latest date by which the EN has to be implemented at national level by publication of an identical national standard or by endorsement (dop) 1996-03-01
- latest date by which the national standards conflicting with the EN have to be withdrawn (dow) 1996-03-01

NOTE Consideration should be given to ISO/IEC Guide 52, *Glossary of fire terms and definitions*.
