

Specification for

Automatic electrical controls for household and similar use —

Part 2: Particular requirements —

Section 2.11 Energy regulators

The European Standard EN 60730-2-11:1993 with the inclusion of amendments A1:1997 and A2:1998 has the status of a British Standard

ICS 97.120

Cooperating organizations

The European Committee for Electrotechnical Standardization (CENELEC), under whose supervision this European Standard was prepared, comprises the national committees of the following countries:

Austria	Italy
Belgium	Luxembourg
Denmark	Netherlands
Finland	Norway
France	Portugal
Germany	Spain
Greece	Sweden
Iceland	Switzerland
Ireland	United Kindom

This British Standard, having been prepared under the direction of the Light Electrical Engineering Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 January 1994

National foreword

This British Standard has been prepared under the direction of the Light Electrical Engineering Standards Policy Committee and is the English language version of EN 60730-2-11:1993 *Automatic electrical controls for household and similar use — Part 2: Particular requirements for energy regulators* including amendments A1:1997 and A2:1998, published by the European Committee for Electrotechnical Standardization (CENELEC). It was derived by CENELEC from IEC publication 730-2-11:1993, first edition, including amendment 1:1994 and amendment 2:1997, published by the International Electrotechnical Commission (IEC).

No CENELEC common modifications were approved to IEC 730-2-11:1993. However there are CENELEC common modifications to amendment 1 to IEC 730-2-11 and these are indicated by a sideline in the margin.

This British Standard is to be read in conjunction with BS EN 60730-1:1992 *General requirements* which it supplements or modifies. The many references to Part 1 should be read as references to BS EN 60370-1 which is the English language version of EN 60730-1, which was derived from IEC Publication 730-1:1986, first edition.

The foreword of EN 60730-2-11 makes reference to the “date of withdrawal”, dow, of the relevant, national standard. In this case the relevant national standard is BS 3955 which will cease to be applicable to controls within the scope of BS EN 60730-2-11 on 1 July 1995. Certification and marks will not be awarded after this date with respect to BS 3955. However, such certification and marks, already awarded, may continue to apply to production until 1 July 2000.

Product approval.

Attention is drawn to the fact that products conforming to this British Standard may be approved by the British Electrotechnical Approvals Board for the purposes of participation in the CENELEC Certification Agreement and in the CB Scheme of the IECEE. (Details of the BEAB Approval Scheme are given on the inside back cover)

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 10, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

Descriptors: Electrical household appliance, control, automatic control, energy regulator, definition, requirement, test

English version

Automatic electrical controls for household and similar use Part 2: Particular requirements for energy regulators

(Includes amendments A1:1997 and A2:1998)
(IEC 730-2-11:1993 + A1:1994 + A2:1997, modified)

Dispositifs de commande électrique
automatiques à usage domestique et analogue
Partie 2: Règles particulières pour les
régulateurs d'énergie
(Inclut les amendements A1:1997 et A2:1998)
(CEI 730-2-11:1993 + A1:1994 + A2:1997,
modifiée)

Automatische elektrische Regel- und
Steuergeräte für den Hausgebrauch und
ähnliche Anwendungen
Teil 2: Besondere Anforderungen für
Leistungsregler
(enthält Änderungen A1:1997 und A2:1998)
(IEC 730-2-11:1993 + A1:1994 + A2:1997,
modifiziert)

This European Standard was approved by CENELEC on 1993-09-22; Amendment A1 was approved by CENELEC on 1997-03-11 and Amendment A2 was approved by CENELEC on 1998-04-01. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
