

Methods of measurement for equipment used in digital microwave radio transmission systems —

Part 2: Measurements on terrestrial radio-relay systems —

Section 2.3 RF branching networks

The European Standard EN 60835-2-3:1993 has the status of a
British Standard

UDC 621.396.6:629.783:621.317.08

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Electronic Equipment Standards Policy Committee (EEL/-) to Technical Committee EEL/25, upon which the following bodies were represented:

- British Broadcasting Corporation
- British Radio and Electronic Equipment Manufacturers' Association
- British Telecommunications plc
- Institution of Electrical Engineers
- Radio, Electrical and Television Retailers' Association
- Radiocommunications Agency

The following body was also represented in the drafting of the standard through subcommittees and panels:

ERA Technology Ltd.

This British Standard, having been prepared under the direction of the Electronic Equipment Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 May 1993

National foreword

This Section of BS 7573 has been prepared under the direction of the Electronic Equipment Standards Policy Committee. It is identical with IEC 835-2-3 *Methods of measurement for equipment used in digital microwave radio transmission systems — Part 2: Measurements on terrestrial radio-relay systems — Section 3: RF branching networks*, published by the International Electrotechnical Commission (IEC).

In 1993 the European Committee for Electrotechnical Standardization (CENELEC) accepted IEC 835-2-3:1992 as European Standard EN 60835-2-3:1993. As a consequence of implementing the European Standard this British Standard is renumbered as BS EN 60835-2-3 and any reference to BS 7573-2.3 should be read as a reference to BS EN 60835-2-3.

BS 7573 is published in three Parts. The other Parts are:

- *Part 1: Measurements common to terrestrial radio-relay systems and satellite earth stations;*
- *Part 3: Measurements on satellite earth stations.*

This Section of BS 7573 is intended to be used in conjunction with BS 7573-1.2 and BS 7573-1.3.

Cross-references
