Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee EPL/47, Semiconductors, to Subcommittee EPL/47/3, Performance of optoelectronic semiconductor devices and liquid crystal displays, upon which the following bodies were represented:

- British Telecommunications plc
- Federation of the Electronics Industry
- Ministry of Defence
- National Supervising Inspectorate
- United Kingdom Optical sensors Collaborative Association

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 July 1996

National foreword

This British Standard has been prepared by Subcommittee EPL/47/3 and is the English language version of EN 60904-5:1995 *Photovoltaic devices — Part 5: Determination of the equivalent cell temperature (ECT) of photovoltaic (PV) devices by the open-circuit voltage method*, published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical with IEC 904-5:1993, published by the International Electrotechnical Committee (IEC).

Cross-references

Publication referred to	Corresponding British Standard
EN 60891:1994 (IEC 891:1987)	BS EN 60891:1995 <i>Procedures for temperature and irradiance corrections to measured I-V characteristics of crystalline silicon photovoltaic devices</i>
EN 60904-1:1993 (IEC 904-1:1987)	BS EN 60904 <i>Photovoltaic devices</i> Part 1:1993 <i>Measurement of photovoltaic current-voltage characteristics</i>

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
