Cooperating organizations

The European Committee for Electrotechnical Standardization (CENELEC), under whose supervision this European Standard was prepared, comprises the national committees of the following countries.

Austria	Italy
Belgium	Luxembourg
Denmark	Netherlands
Finland	Norway
France	Portugal
Germany	Spain
Greece	Sweden
Iceland	Switzerland
Ireland	United Kingdom

This British Standard, having been prepared under the direction of the Electronic Components Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 1 April 1992

National foreword

This British Standard has been prepared under the direction of the Electronic Components Standards Policy Committee, and is the English language version of EN 60917:1990, “*Modular order for the development of mechanical structures for electronic equipment practices*”, published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical with IEC 917:1988, together with amendment 1, published by the International Electrotechnical Commission (IEC).

Annexes designated “normative” are part of the body of the standard. Annexes designated “informative” are given for information only. National annexes are designated “informative”.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 14, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

UDC 621.382-772.4

Descriptors: Mechanical structure, electronic modular order, equipment practice

English version

Modular order for the development of mechanical structures for electronic equipment practices

(includes amendment A1:1994)
(IEC 917:1988)

Ordre modulaire pour le développement des
structures mécaniques pour les infrastructures
électroniques
(inclut l'amendement A1:1994)
(CEI 917:1988)

Modulordnung zur Entwicklung mechanischer
Strukturen bei elektronischen Bauweisen
(enthält Änderungen A1:1994)
(IEC 917:1988)

This European Standard was approved by CENELEC on 1990-06-11. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

The CENELEC questionnaire procedure, performed for finding out whether or not the International Standard IEC 917:1988 could be accepted without textual changes, has shown that no CENELEC common modifications were necessary for the acceptance as European Standard. The reference document was submitted to the CENELEC members for formal vote and was approved by CENELEC as EN 60917 on 11 June 1990.

The following date was fixed:

- latest date of publication
of an identical national
standard (dop) 1991-06-15
- latest date of withdrawal
of conflicting national
standards (dow) —

Endorsement notice

The text of the International Standard IEC 917:1988 was approved by CENELEC as a European Standard without any modification.

Foreword to Amendment A1

The CENELEC questionnaire procedure, performed for finding out whether or not amendment 1:1993 to the International Standard IEC 917:1988 could be accepted without textual changes, has shown that no common modifications were necessary for the acceptance as a European Standard.

The reference document was submitted to the CENELEC members for formal vote and was approved by CENELEC as amendment A1 to EN 60917 on 5 July 1994.

The following dates were fixed:

- latest date of publication
of an identical national
standard (dop) 1995-07-15
- latest date of withdrawal
of conflicting national
standards (dow) 1995-07-15
