Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee PEL/21, Secondary cells and batteries, upon which the following bodies were represented:

- Association of Manufacturers Allied to the Electronic Industry (BEAMA Ltd.)
- British Industrial Truck Association
- British Railways Board
- British Telecommunications plc
- Electric Vehicle Association of Great Britain
- Electricity Association
- Health and Safety Executive
- Lighting Industry Federation Ltd.
- London Regional Transport
- Ministry of Defence
- Power Supply Manufacturers' Association (PSMA) (BEAMA Ltd.)
- Society of British Battery Manufacturers
- Society of Motor Manufacturers and Traders Limited

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 September 1995

National foreword

This British Standard has been prepared by Technical Committee PEL/21 and is the English language version of EN 60952-3:1995 *Aircraft batteries — Part 3: External electrical connectors*, published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical with IEC 952-3:1993 published by the International Electrotechnical Commission (IEC).

Cross-reference

Publication referred to	Corresponding British Standard
EN 60952-2:1993 (IEC 952-3:1991)	BS EN 60952 <i>Aircraft batteries</i> Part 2:1993 <i>Design and construction requirements</i>
A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.	

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 8, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

English version

Aircraft batteries
Part 3: External electrical connectors

(IEC 952-3:1993)

Batteries d'aéronefs
Partie 3: Connecteurs électriques externes
(CEI 952-3:1993)

Flugzeug-Batterien
Teil 3: Äußere elektrische Anschlüsse
(IEC 952-3:1993)

This European Standard was approved by CENELEC on 1995-03-06. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
