National foreword

This British Standard has been prepared by Technical Committee LBI/40 and is the English language version of EN 61010-2-051:1995 *Safety requirements for electrical equipment for measurement, control, and laboratory use — Part 2-051: Particular requirements for laboratory equipment for mechanical mixing and stirring*, published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical with IEC 1010-2-051:1995, published by the International Electrotechnical Commission (IEC).

This British Standard is to be read in conjunction with BS EN 61010-1:1993 *Safety requirements for electrical equipment for measurement, control, and laboratory use — Part 1: General requirements*, which it supplements or modifies as detailed in the Foreword to EN 61010-2-051 which follows.

This British Standard deals with equipment which falls within the scope of European Directive 73/23/EEC (Low Voltage Directive).
