National foreword

This British Standard has been prepared under the direction of the Electrotechnical Sector Board and is the English language version of EN 61228:1994 *Method of measuring and specifying the UV-radiation of ultraviolet lamps used for sun-tanning* including amendment A1:1996, published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical with the text of IEC 1228:1993 including amendment 1:1996, published by the International Electrotechnical Commission (IEC), which has the same title as the European Standard.

The following print types are used in this standard:

requirement proper	in roman type
<i>test specifications</i>	<i>in italic type</i>
explanatory matter	in smaller roman type

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
