National foreword

This British Standard is the English language version of EN 61247:1997. It is identical with IEC 61247:1995.

The UK participation in its preparation was entrusted to Technical Committee EPL/51, Transformers, inductors, magnetic components and ferrite materials, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

From 1 January 1997, all IEC publications have the number 60000 added to the old number. For instance, IEC 27-1 has been renumbered as IEC 60027-1. For a period of time during the change over from one numbering system to the other, publications may contain identifiers from both systems.

Cross-references

Attention is drawn to the fact that Annex ZA lists normative references to international publications with their corresponding European publications. The British Standards which implement these international or European publications may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or using the “Find” facility of the BSI Standards Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 12 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 August 1997

PM-cores made of magnetic oxides and associated parts — Dimensions

(IEC 1247:1995)

Noyaux PM en oxydes magnétiques et pièces associées — Dimensions
(CEI 1247:1995)

PM-Kerne aus magnetischen Oxiden und Zubehörteile — Maße
(IEC 1247:1995)

This European Standard was approved by CENELEC on 1997-03-11. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

The text of the International Standard IEC 1247:1995, prepared by IEC TC 51, Magnetic components and ferrite materials, was submitted to the formal vote and was approved by CENELEC as EN 61247 on 1997-03-11 without any modification.

The following dates were fixed:

- latest date by which the EN has to be implemented at national level by publication of an identical national standard or by endorsement (dop) 1998-03-01
- latest date by which the national standards conflicting with the EN have to be withdrawn (dow) 1998-03-01

Annexes designated “normative” are part of the body of the standard.
Annexes designated “informative” are given for information only.
In this standard, Annex A, Annex B and Annex ZA are normative and Annex C is informative.
Annex ZA has been added by CENELEC.

Endorsement notice

The text of the International Standard IEC 1247:1995 was approved by CENELEC as a European Standard without any modification.

Contents

	Page
Foreword	2
1 Scope and object	3
2 Normative references	3
3 Conversion system	3
4 Primary standards	4
4.1 Dimensions of PM-cores	4
4.2 Dimensions of coil formers	6
4.3 Pin locations and base outlines	7
4.4 Pin diameter	7
5 Mounting hardware	7
Annex A (normative) Derived standards	9
Annex B (normative) Example of a gauge to check the coil former space dimensions of PM-cores meeting the IEC primary standard	10
Annex C (informative) Recommended main dimensions for mounting hardware	11
Annex ZA (normative) Normative references to international publications with their corresponding European publications	12
Figure 1 — Pin locations and base outlines viewed from the underside of the board	8
Table 1 — Main dimensions of PM-cores	4
Table 2 — Effective parameter and A _{min} values	5
Table 3 — Main dimensions of coil formers	6
Table B.1 — Example of a gauge	10
Table C.1 — Main dimensions	11
