National foreword

This British Standard has been prepared by Technical Committee CPL/59 and is the English language version of EN 61255:1994 *Household electric heating pads — Methods for measuring performance*, published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical with IEC 1255:1994 published by the International Electrotechnical Commission (IEC).

Product certification. Users of this British Standard are advised to consider the desirability of third party certification of product conformity with this British Standard based on testing and continuing surveillance, which may be coupled with assessment of a supplier's quality systems against the appropriate Part of BS EN ISO 9000.

Enquiries as the availability of third party certification schemes will be forwarded by BSI to the Association of British Certification Bodies. If a third party certification scheme does not already exist, users should consider approaching an appropriate body from the list of Association members.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
