Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee GEL/65, Measurement and control, upon which the following bodies were represented:

- British Coal Corporation
- British Gas plc
- British Nuclear Fuels plc
- Electrical Contractors Association
- Electricity Association
- Energy Industries Council
- GAMBICA (BEAMA Ltd.)
- Health and Safety Executive
- Institution of Gas Engineers

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- British Pressure Gauge Manufacturers' Association
- Department of Trade and Industry (National Engineering Laboratory)
- Department of Trade and Industry (Services Management Division)
- Engineering Industries Association
- Institute of Materials
- Institution of Electrical Engineers

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 June 1996

National foreword

This British Standard has been prepared by Technical Committee GEL/65, and is the English language version of EN 61298-4:1995 *Process measurement and control devices — General methods and procedures for evaluating performance — Part 4: Evaluation report content*, published by the European Committee for Electrotechnical standardization (CENELEC). It is identical with IEC 1298-4:1995 published by the International Electrotechnical Commission (IEC).

IEC 1298 consists of the following parts under the general title *Process measurement and control devices — General methods and procedures for evaluating performance*.

- *Part 1: General considerations;*
- *Part 2: Tests under reference conditions;*
- *Part 3: Tests for the effects of influence quantities;*
- *Part 4: Evaluation report content.*

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 8 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

This European Standard was approved by CENELEC on 1995-09-20. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
