

Live working — Minimum requirements for the utilization of tools, devices and equipment

The European Standard EN 61477:2002, with the incorporation of amendments A1:2002 and A2:2005, has the status of a British Standard

ICS 13.260; 29.240.20; 29.260.99

National foreword

This British Standard is the official English language version of EN 61477:2002, including amendments A1:2002 and A2:2005. It is identical with IEC 61477:2002, including amendments 1:2002 and 2:2004.

The start and finish of text introduced or altered by IEC amendment is indicated in the text by tags **A1** **A1**. Tags indicating changes to IEC text carry the number of the IEC amendment. For example, text altered by IEC amendment 1 is indicated by **A1** **A1**.

The CENELEC common modifications have been implemented at the appropriate places in the text. The start and finish of each common modification is indicated in the text by tags **C** **C**. Where a common modification has been introduced by amendment, the tags carry the number of the amendment. For example, the common modifications introduced by CENELEC amendment A11 are indicated by **C11** **C11**.

The UK participation in its preparation was entrusted to Technical Committee PEL/ 78, Tools for live working, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
