Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee GEL/15, Insulating materials, to Subcommittee GEL/15/3, Material specifications, upon which the following bodies were represented:

- Adhesive Tape Manufacturers Association
- British Capacitors Manufacturers Association (BEAMA Ltd.)
- British Industrial Ceramic Manufacturers Association
- British Plastics Federation
- ERA Technology Ltd.
- Electrical and Electronic Insulation Association (BEAMA Ltd.)
- Federation of the Electronics Industry
- Transmission and Distribution Association (BEAMA Ltd.)

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- Electricity Association
- British Telecommunications plc
- Diamond Fibre Company Ltd.
- Paper Federation of Great Britain
- Rotating Electrical Machines Association (BEAMA Ltd.)
- Royal Society of Chemistry

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 May 1997

National foreword

This British Standard has been prepared by Subcommittee GEL/15/3 and is the English language version of EN 61629-1:1996 *Aramid pressboard for electrical purposes — Part 1: Definitions, designations and general requirements* published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical with IEC 1629-1:1996 published by the International Electrotechnical Commission (IEC).

IEC 1629 consists of the following parts, under the general title *Aramid pressboard for electrical purposes*:

- *Part 1: Definitions, designations and general requirements*;
- *Part 2: Methods of test*;
- *Part 3: Specifications for individual materials*.
