

BSI Standards Publication

Method for measuring photovoltaic (PV) glass

Part 1: Measurement of total haze and spectral distribution of haze

National foreword

This British Standard is the UK implementation of EN 62805-1:2017. It is identical to IEC 62805-1:2017

The UK participation in its preparation was entrusted to Technical Committee GEL/82, Photovoltaic Energy Systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

English Version

Method for measuring photovoltaic (PV) glass - Part 1:
Measurement of total haze and spectral distribution of haze
(IEC 62805-1:2017)

Méthode de mesure du verre photovoltaïque (PV) - Partie 1:
Mesurage de la brume totale et de la répartition spectrale
de la brume
(IEC 62805-1:2017)

Verfahren für die Messung von photovoltaischem (PV) Glas
- Teil 1: Messung der gesamten Trübung und der
spektralen Verteilung der Trübung
(IEC 62805-1:2017)

This European Standard was approved by CENELEC on 2017-09-21. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Bulgaria, Croatia, Cyprus, the Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

European foreword

The text of document 82/1297/FDIS, future edition 1 of IEC 62805-1, prepared by IEC/TC 82 "Solar photovoltaic energy systems" was submitted to the IEC-CENELEC parallel vote and approved by CENELEC as EN 62805-1:2017.

The following dates are fixed:

- latest date by which the document has to be (dop) 2018-06-21
implemented at national level by
publication of an identical national
standard or by endorsement
- latest date by which the national (dow) 2020-09-21
standards conflicting with the
document have to be withdrawn

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CENELEC shall not be held responsible for identifying any or all such patent rights.

Endorsement notice

The text of the International Standard IEC 62805-1:2017 was approved by CENELEC as a European Standard without any modification.

Annex ZA (normative)

Normative references to international publications with their corresponding European publications

The following documents are referred to in the text in such a way that some or all of their content constitutes requirements of this document. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.

NOTE 1 When an International Publication has been modified by common modifications, indicated by (mod), the relevant EN/HD applies.

NOTE 2 Up-to-date information on the latest versions of the European Standards listed in this annex is available here: www.cenelec.eu.
