Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee PRI/60, Resilient floor coverings, upon which the following bodies were represented:

- British Adhesives and Sealants Association
- British Railways Board
- British Resilient Flooring Manufacturers' Association
- British Rubber Manufactureres' Association Ltd.
- Consumer Policy Committee of BSI
- Contract Flooring Association
- Cork Industry Federation
- Department of the Environment (British Board of Agrément)
- Department of the Environment (Building Research Establishment)
- Institute of Chartered Arbitrators
- Royal Institute of British Architects
- Wood Panel Industries Federation

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 April 1997

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 8, an inside back cover and a back cover.

ICS 91.180

Descriptors: Floor coverings, plastic coverings, vinyl resins, supports, jute, polyester resins, felt, specifications, characteristics, wear, classifications, graphic symbol, utilization, marking

English version

Resilient floor coverings — Polyvinyl chloride floor coverings on jute backing or on polyester felt backing or on polyester felt with polyvinyl chloride backing — Specification

Revêtements de sol résilients — Revêtements de sol à base de polychlorure de vinyle sur support de jute ou de polyester ou sur support de polyester avec envers en polychlorure de vinyle — Spécifications

Elastische Bodenbeläge — Bodenbeläge aus Polvinylchlorid mit einem Rücken aus Jute oder Polyestervlies oder auf Polyestervlies mit einem Rücken aus Polvinylchlorid — Spezifikation

This European Standard was approved by CEN on 1996-09-07. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
