National foreword

This Part of BS EN 71 has been prepared under the direction of the Textiles and Clothing Standards Policy Committee and is the English language version of EN 71 *Safety of toys* Part 2 *Flammability*, published by the European Committee for Standardization (CEN). This Part of BS EN 71 supersedes BS 5665-2:1989, which is withdrawn.

EN 71-2 was produced as a result of international discussions in which the UK took an active part.

Additional information. When marking or specifying a product the manufacturer may mark or specify by reference to either the European Standard or the British Standard¹⁾

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations. In particular the attention of users is drawn to the Toys (Safety) Regulations 1989 (SI 1275).

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 8, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

¹⁾ Marking EN 71-2 or BS EN 71-2 or BS 5665-2 on or in relation to a product represents a manufacturer's declaration of conformity, i.e. a claim by or on behalf of the manufacturer that the product meets the requirements of the standard. The accuracy of the claim is solely the claimant's responsibility. Such a declaration is not to be confused with third party certification of conformity, which may also be desirable.
