Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee WEE/18, Gas welding and cutting appliances, upon which the following bodies were represented:

- British Compressed Gases Association
- British Railways Board
- Consumer Policy Committee of BSI
- Department of Trade and Industry (Consumer Safety Unit, CA Division)
- Health and Safety Executive
- L P Gas Association
- Railway Industry Association
- South Bank University
- Welding Manufacturers' Association (BEAMA Ltd.)

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 December 1995

National foreword

This British Standard has been prepared by Technical Committee WEE/18 and is the English language version of EN 730:1995 *Gas welding equipment — Equipment used in gas welding, cutting and allied processes, safety devices for fuel gases and oxygen or compressed air — General specifications, requirements and tests* published by the European Committee for Standardization (CEN).

EN 730:1995 was produced as a result of international discussion in which the UK took an active part. It supersedes BS 6158:1982 which is withdrawn.

Cross-references

Publications referred to	Corresponding British Standard
EN 560:1994	BS EN 560:1995 <i>Gas welding equipment — Hose connections for equipment for welding, cutting and allied processes</i>
EN 585:1994	BS EN 585:1995 <i>Gas welding equipment — Pressure regulators for gas cylinders used in welding, cutting and allied processes up to 200 bar</i>
EN 29090:1992	BS EN 29090:1992 <i>Specification for gas tightness of equipment for gas welding and allied processes</i>
EN 29539:1992	BS EN 29539:1992 <i>Specification for materials for equipment used in gas welding, cutting and allied processes</i>

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 10, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

English version

Gas welding equipment —
Equipment used in gas welding, cutting and allied
processes, safety devices for fuel gases and oxygen or
compressed air —
General specifications, requirements and tests

Matériel de soudage aux gaz —
Équipement de soudage aux gaz, de coupage et
techniques connexes, dispositifs de sécurité
pour les gaz combustibles et l'oxygène ou l'air
comprimé — Spécifications générales,
prescriptions et essais

Gasschweißgeräte —
Einrichtungen für Schweißen, Schneiden und
verwandte Verfahren,
Sicherheitseinrichtungen für Brenngase und
Sauerstoff oder Druckluft — Allgemeine
Festlegungen, Anforderungen und Prüfungen

This European Standard was approved by CEN on 1995-02-05. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
