National foreword

This British Standard has been prepared by Technical Committee PSE/7 and is the English language version of EN 736-1:1995 *Valves — Terminology — Part 1: Definition of types of valves*, published by the European Committee for Standardization (CEN).

EN 736-1 was produced as a result of international discussions in which the United Kingdom took an active part.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 7 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
