National foreword

This British Standard has been prepared by Technical Committee SW/14 and is the English language version of EN 748 : 1995 *Playing field equipment — Football goals — Functional and safety requirements, test methods*, and its amendment A1 : 1998 published by the European Committee for Standardization (CEN).

EN 748 was produced as a result of international discussions in which the United Kingdom took an active part. The terms of the United Kingdom's membership in CEN require BSI to publish this standard as a British Standard despite strong reservations regarding the standard.

The UK voted against this draft for the following technical reason.

The requirements in **3.3** and **3.4** should apply to all football goals where compliance with EN 748 is claimed.
