Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Technical Committee B/505, Wastewater engineering, to Subcommittee B/505/22, Drainage systems outside buildings, upon which the following bodies were represented:

- Association of Consulting Engineers
- British Plastics Federation
- Clay Pipe Development Association Limited
- Concrete Pipe Association
- Department of the Environment
- Department of the Environment (Property and Buildings Directorate)
- Fibre Cement Manufacturers' Association Limited
- Institute of British Foundrymen
- Institution of Civil Engineers
- Institution of Water and Environmental Management
- METCOM
- Water Services Association of England and Wales

The following bodies were also represented in the drafting of the standard, through subcommittees and panels.

- Association of Building Engineers
- British Pump Manufacturers' Association
- Department of the Environment (Building Research Establishment)
- Department of the Environment for Northern Ireland
- Health and Safety Executive
- Institute of Building Control
- Institute of Plumbing

This British Standard, having been prepared under the direction of the Sector Board for Building and Civil Engineering, was published under the authority of the Standards Board and comes into effect on 15 April 1996

National foreword

This Part of BS EN 752 has been prepared by Subcommittee B/505/22 and is the English language version of EN 752-1:1995 *Drain and sewer systems outside buildings — Part 1: Generalities and definitions* published by the European Committee for Standardization (CEN).

This Part was published as a result of international discussion and agreement in which the UK took an active part. It will be followed in due course by Parts 2 to 7:

- *Part 2: Performance requirements;*
- *Part 3: Planning;*
- *Part 4: Hydraulic design and environmental considerations;*
- *Part 5: Rehabilitation;*
- *Part 6: Pumping installations;*
- *Part 7: Maintenance and operations.*

This Part of BS EN 752 supersedes BS 8005-0:1987 which is withdrawn and clause 4 of BS 8301:1985 which is deleted by amendment.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 10 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

Entwässerungssysteme außerhalb von
Gebäuden —
Teil 1: Allgemeines und Definitionen

This European Standard was approved by CEN on 1995-11-11. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
