Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee WEE/39, Welding consumables, upon which the following bodies were represented:

- Aluminium Federation
- Association of Welding Distributors
- British Association for Brazing and Soldering
- British Compressed Gases Association
- British Constructional Steelwork Association Ltd.
- British Iron and Steel Producers' Association
- Electricity Association
- Engineering Equipment and Materials Users' Association
- Lloyds Register of Shipping
- Magnesium Industry Council
- Power Generation Contractors' Association (PGCA (BEAMA Ltd.))
- Process Plant Association
- SAFed
- Stainless Steel Wire Industry Association
- Welding Institute
- Welding Manufacturers' Association (BEAMA Ltd.)

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 October 1996

National foreword

This British Standard has been prepared by Technical Committee WEE/39 and is the English language version of EN 760 : 1996 *Welding consumables — Fluxes for submerged arc welding — Classification* published by the European Committee for Standardization (CEN).

This standard was produced as a result of international discussions in which the United Kingdom took an active part.

This standard together with BS EN 756 : 1996 supersedes BS 4165 : 1984 which is withdrawn.

Cross-references

Publication referred to	Corresponding British Standard
EN 756 : 1996	BS EN 756 : 1996 <i>Welding consumables. Wire electrodes and wire-flux combinations for submerged arc welding of non alloy and fine grain steels. Classification</i>

Compliance with a British Standard does not of itself confer immunity from legal obligations.

ICS 25.160.20

Descriptors: arc welding, submerged arc welding, welding fluxes, unalloyed steels, low alloy steels, high alloy steels, filler wire, classifications, symbols, marking

English version

Welding consumables — Fluxes for submerged arc welding — Classification

Produits consommables pour le soudage — Flux
pour le soudage à l'arc sous flux — Classification

Schweißzusätze — Pulver zum
Unterpulverschweißen — Einteilung

This European Standard was approved by CEN on 1996-02-12. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
