

Air conditioners and heat pumps with electrically driven compressors — Cooling mode

Part 1. Terms, definitions and designations

The European Standard EN 814-1 : 1997 has the status of a
British Standard

ICS 01.040.23; 23.120; 27.080; 91.140.30

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee RHE/17, Testing of heat pumps and air conditioners, upon which the following bodies were represented:

- British Gas plc
- British Refrigeration Association
- Building Services Research and Information Association
- Chartered Institution of Building Services Engineers
- Department of the Environment – Building Research Establishment
- Electricity Association
- Heating and Ventilating Contractors’ Association
- Hevac Association
- Institute of Refrigeration
- Institution of Mechanical Engineers

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 July 1997
