

Mobile waste containers —

Part 6: Safety and health requirements

The European Standard EN 840-6:1997, with the incorporation of amendment A1:2000, has the status of a British Standard

ICS 13.030.40

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee B/508, Waste management, to Subcommittee B/508/1, Waste containers and associated lifting devices on refuse collection vehicles, upon which the following bodies were represented:

- Association of Refuse Vehicles Manufacturers
- British Plastics Federation
- Container Handling Equipment Manufacturers
- Department of the Environment (Building Research Establishment)
- Environmental Services Association
- Institute of Wastes Management

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 July 1997

National foreword

This British Standard has been prepared by Subcommittee B/508/1 and is the English language version of EN 840-6:1997, *Mobile waste containers — Part 6: Safety and health requirements*, including amendment A1:2000, published by the European Committee for Standardization (CEN).

EN 840-6 was published as a result of international discussion in which the UK took an active part.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or by using the “Find” facility of the BSI Standards Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
