Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee SW/136, Sports, playground and other recreational equipment, upon which the following bodies were represented:

Consumer Policy Committee of BSI
Health and Safety Executive
Home Office

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

Association of British Mountaineering Equipment Manufacturers
Association of Consulting Scientists
British Mountaineering Council
British Plastics Federation
Cordage Manufacturers Institute
Industrial Rope Access Trade Association
Institute of Trading Standards Administration
National Caving Association
National Engineering Laboratory
Safety Equipment Association

This British Standard, having been prepared under the direction of the Consumer Products and Services Sector Board, was published under the authority of the Standards Board and comes into effect on 15 June 1997

Mountaineering equipment — Dynamic mountaineering ropes — Safety requirements and test methods

Matériel d'alpinisme et d'escalade — Cordes
dynamiques — Exigences de sécurité et méthodes
d'essai

Bergsteigerausrüstung — Dynamische Bergseile —
Sicherheitstechnische Anforderungen und
Prüfverfahren

This European Standard was approved by CEN on 1996-06-20. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This European Standard has been prepared by Technical Committee CEN/TC 136, Sports, playground and other recreational equipment, the Secretariat of which is held by DIN.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by April 1997, and conflicting national standards shall be withdrawn at the latest by April 1997.

The text is based on UIAA-Standard B (Union Internationale des Associations d'Alpinisme), which has been prepared with international participation.

This standard is one of a package of standards for mountaineering equipment. See annex A.

This European Standard has been prepared under a mandate given to CEN by the European Commission and the European Free Trade Association, and supports essential requirements of EU Directive(s).

For the relationship with EU Directive(s), see informative annex ZA, which is an integral part of this standard.

Annexes A and ZA of this European Standard are informative.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.
