National foreword

This British Standard has been prepared by Technical Committee STI/52 and is the English language version of EN 924:1994 *Adhesives — Solvent-borne and solvent-free adhesives — Determination of flashpoint*, published by the European Committee for Standardization (CEN). EN 924 was produced as a result of international discussion in which the United Kingdom participated.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
