## National foreword

This British Standard has been prepared by Subcommittee SW/136/6 and is the English language version of EN 926-1:1995 *Paragliding equipment — Paragliders — Part 1: Requirements and test methods for structural strength*, published by the European Committee for Standardization (CEN).

EN 926-1 was produced as a result of international discussions in which the United Kingdom took an active part.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

**Compliance with a British Standard does not of itself confer immunity from legal obligations.**

### Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 6 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
